

Dear sir or madam,

We are pleased to invite you to the **DrupalCamp Donetsk** and propose your company to sponsor our event.

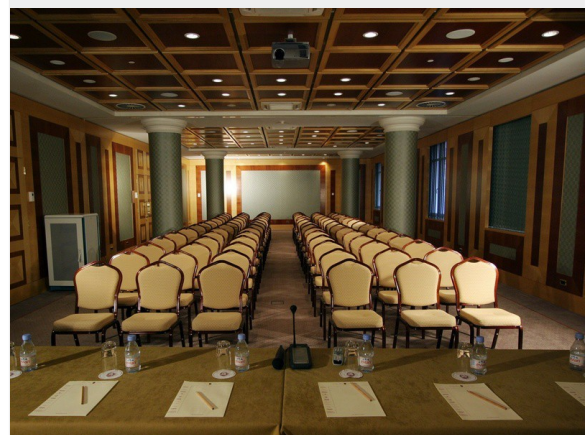

The DrupalCamp Donetsk will be held on **April 25th – 27th, 2014** in **Donbass Palace Hotel** and will gather more than **200** attendees including famous speakers from different countries of the world. The DrupalCamp will feature interesting sessions, BOFs, contests, code sprint, trivia night and an awesome party of course!

We are doing our best to held the event on the highest level by creating warm and friendly atmosphere and bringing to the attendees attention more than **30** high quality sessions consigned for the following audience: developers, themers, site-builders and business people.

For our sponsors and partners we offer an opportunity to promote themselves, distribute printed materials, organize contests and to have lot's of fun meeting the great people in the Drupal community.

In this proposal you will find detailed information about the DrupalCamp Donetsk and the description of the sponsorship packages.

Best Regards,
DrupalCamp Donetsk Team

DrupalCamp in numbers

On November 25 - 27, 2011 we organized the first DrupalCamp in Donetsk: <http://donetsk.drupal.ua>, which attracted more than **150** attendees, including **20** speakers. Since that time we have organized several Drupal meetups, known as Drupal Café, to make Drupal community in Donetsk wider and stronger.

This year we will hold bigger event for more than **200** attendees and over **30** speakers during **2** days and will allocate additional day for the code-sprint!

DrupalCamp program

DrupalCamp is a BarCamp event, which is organized by it's participants, the Drupal community of Donetsk. We will select the best sessions submitted to our website (<http://camp2014.drupal.dn.ua>) and will also invite a number of featured speakers.

DrupalCamp Donetsk 2014 will last **3** days. On Friday and Saturday **3** rooms will be available for **200**, **60** and **60** seats accordingly. BOFs sessions will be held in parallel in extra room. On Sunday one room will be available for the full-day code sprint. During the DrupalCamp sponsors would organize contests and award winners on the event closing.

More code and more fun

DrupalCamp is not only about sessions it is also about participating in the code sprint. We will do our best to make creative and collaborative atmosphere. There are going to be contests and quizzes and we will make an awesome party, where Elloria rock band will perform Drupal songs!

About Drupal

Drupal is a free and open source content management system and content management framework written in PHP and distributed under the GNU General Public License. It is used as a back-end system for at least 1.5% of all websites worldwide ranging from personal blogs to corporate, political, and government sites including whitehouse.gov and data.gov.uk. It is also used for knowledge management and business collaboration. You can learn more about Drupal at <http://www.drupal.org>.
